Dear Sir:

I have made three attempts to contact W/O James A. Zahm, who was or still is stationed with the Marksmanship Training Unit, Weapons Training Battalion at this base. Two of my letters were addressed to the party in question and one to the Base Locator. In none of these instances were my letters answered.

It is rather important that I get intouch with W/O Zahm. If he is still stationed at this base, please forwared me his correct mailing address. If he has been transfered, please send me his new address.

Your kind cooperation in this matter will be most appreciated.

Very truly yours,

Emory L Brown Jr
